Core Capabilities and Benefits

Vizlesan is committed to improving public outcomes through focus on people with a disciplined approach in the development, modernization, sustainable use, and sharing of information technology resources. Through the transformation of people, processes and infrastructure, we help create experiences that help the US government achieve its mission and interact in purposeful ways with citizens.

By serving mission critical operations in the US Army frontline, we shine with values of **Dedication**, **Discipline**, **Loyalty**, **Honor**, and **Patriotism**. We bring the same passion and core strengths of Teamwork, Leadership and Problem Solving to serve the US Government agencies.

Over the years, we developed a culture with a strong customer focused service, creativity, discipline in execution, and an environment that promotes innovation, helping both our team and our clients to reach their full potential.

Founder - Shanthan Toodi

CPT Shanthan Toodi has been actively serving in the Army since 2012 and was deployed to Afghanistan in support of Operation Enduring Freedom as a Brigade Operations Officer, serving shoulder to shoulder with NATO and Afghani Forces.

He is still serving in the US Army Reserves as the SPO Officer of 300th Combat Support Brigade. Shanthan brings the same discipline, dedication and passion to the leadership of Vizlesan, with mission first attitude. His tenure in the military combined with leadership experience in the technology field are fundamental to Vizlesan's inception.

He is an ardent social worker, he volunteered for numerous community service organizations like Suicide Prevention Services, Big Brothers and Big Sisters, Kiwanis, Hephzibah Orphanage and Veterans In Technology.
